This medicine has received a very extended and universal patronage, and has proved itself to be, and is daily exhibiting its own merits, which is superior efficacy in the cure of the above complaints, and is extensively approved of by the most distinguished of the faculty. It is a combination of the best alterative ingredients in the materia medica, and is the most powerful and unfailing purifier of the blood ever discovered. It is perfectly safe, and daily experience shows it to be invaluable.

Prepared by A. B. SANDS & CO., Druggists, No. 273 Pearl street, NEW YORK, April 22, 1848.

Have A. B. & D. Sands' Sarsaparilla.

It is a duty we owe to ourselves and to the public to send you this certificate of the astonishing virtues of your Sarsaparilla. Our son was afflicted with a disease of the blood, which baffled the skill of the most eminent physicians in this city, and finally left him in a hopeless condition without delay.

He was attacked with a severe ulcer on my ankle, which spreading half way up to the knee, discharged for nearly two years, during which time he suffered excruciating pain.

I was recommended to use your Sarsaparilla by Dr. Hall, 374 Pearl street, and before he had taken one bottle I saw he was getting better. I was completely cured.

The above statement I have known to be true for over four years since the cure was effected, in order to convince the afflicted that there is a remedy that can cure them, I now give you the permission to publish it, and I have neither room nor felt the slightest re-appearance of the disease. Yours, truly, SARAH FINNEY.

Sworn before me this 3d day of May, 1848.

JAMES C. DELAFIELD, Alderman.

Extract from Testimony taken before the Coroner's Inquest, on the body of Mrs. William Gallagher, who died suddenly on the night of the 3d inst.
